

THE "WHO'S WHO" AMONG LUNA COUNTY'S CANDIDATES

Pierce A. Hughes, Democratic Candidate for County Clerk

Pierce A. Hughes, democratic county clerk, who asks that his administration of the office in Luna county during the last two years be approved by the voters at the polls on Tuesday, November 2, 1930, was not born in Deming, but he has lived here just as soon as he learned about the place, which was in the year 1904. He was born in a farm near Jefferson City, Mo., October 8, 1886, and spent his entire youth there. It has been such rural environment that has given to so many Americans the sturdy characters and strong bodies which have earned them through long useful lives of achievement and successful public service. Deming and Luna county are proud to have their municipal and county offices administered by men who have by perseverance, diligence and integrity earned the confidence first of their associates and employees and eventually that of practically the entire citizenship. Mr. Hughes is one of the type who advance persistently from one position to another and his real worth has been unfolded here in our midst. Mr. Hughes, like many other young men who have come into these communities, took whatever employment was offered him and rose step by step until he reached the responsible office, the conduct of which has evoked great praise and an enthusiastic approval by the community. He was employed successively by Henry Meyer, the Clark Grocery Company and the Deming Ice and Electric Company. During those years he took an active interest in politics, civic betterment and enterprise of every character, designed to promote the welfare of the city of Deming and the surrounding county. Mr. Hughes' love of outdoor sports marks him as a man of normal balance and poise. He acquired great skill as a ball-player at one time, and Connie Mack, the famous manager of the Athletics, after seeing him work out on one of his visits here, offered to give him a try-out in the big league. But Hughes' ambition did not run along professional lines and he turned down the offer.

He served for five years as deputy county clerk under his brother, C. R. Hughes, and during that period he familiarized himself with every detail of the work of caring for the county records, the proper and systematic entry of which constitute one of the most important functions of any local government. Modestly concealed under Mr. Hughes' coat lapel one will find, if he looks closely, a diamond-studded gold badge indicating that in addition to his other responsible duties he is also chief of the Deming Fire Department. The badge was given to him by the city firemen in recognition of his many sterling qualities as a man, and the great interest he takes in the conduct of the department and the protection of the property of the city. In his capacity of fire chief he is the custodian of \$40,000 worth of property and apparatus. During his incumbency Deming has had only one large fire, namely the Gode Theater and Watkins Garage, but this was caused by an explosion of gasoline among a large quantity of highly inflammable material.

Mr. Hughes is a public official who works at the job. During office hours he can always be found at the Court House anxious and willing to serve the taxpayers and the public generally whenever they call upon him. The cleared desks and the quiet but none the less effective management of himself and his assistants would be a credit to the efficiency with which work is dispatched in the offices of large corporations. Mr. Hughes has always been a party worker. He was elected in 1914, and he is justified in assuming that his record warrants the expectation that the people of this city and county will return him to office for another term. If service is rewarded in public office, as it is in successful mercantile business, he will not be disappointed. His capacity should be substantial because in the last election he received the second highest number of votes and ran ahead of the pack.

Mr. Hughes was married in Deming in 1914 to Miss Anna Watkins and he is the father of two sons, Edward W., aged two years and Hughes, Jr., aged four months.

MRS. JOE WILLA BELL,
Democratic Candidate for Superintendent of Schools of Luna County.

Mrs. Joe Willa Bell is 28 years old and more than half of her life has been spent in Luna county schools. To be exact, 19 years of her 26 have been absorbed in school work, as pupil and teacher.

Graduating in successive years from grade to grade, Joe Willa Bell entered the Deming High and graduated, and without honor and credit to herself and the school. She then attended North Texas State Normal at Denton, New Mexico State Normal University and the New Mexico State Normal. As a competent and finished educator and efficient school administrator she enters her office with the assurance that her services will be of every lasting benefit to the school system of this county.

D. J. CHADBORN,
Democratic Candidate for County Commissioner, Second District.

Of the present County Commissioners from this Second District, the Courier does not deem it even necessary to give publicity to his first term as a commissioner. It may be called perfect. He is a cattleman, a good roads man—a county man's "back" as he is called by his friends, in a fairly good property and for his office, and it may be said of him that he has not a known enemy—his just and equitable decisions and calm temperament and personality.

P. L. SMYER,
Democratic Candidate for Sheriff of Luna County.

P. L. Smyer, "Jack" Smyer and Jack Smyer is a political figure to count on in this county. The republicans are making their stand—his fight—on the sheriff's office, but apparently in vain, as, viewed from all points of the compass and aim as regards to his ability, Smyer stands out like a much better man than a householder. He is 40 years old and built from the state where you stand and deliver your contribution—Missouri. Mr. Smyer arrived in Deming 14 years ago and shortly afterwards married Miss Lulu Lewis. They are the parents of three boys and one girl. He has never held an elective office, though he was twice inspector of this district for three years. Last December Sheriff Bill Simpson started Jack Smyer in as a deputy sheriff for Luna county and he has been carefully groomed for the higher office. In fact he will be a real sheriff as he has neither enemies in Luna nor friends who would ask for reward.

ODDS OF TWO TO ONE NOW DEMANDED BY SEVERAL SETTERS

Santa Fe, N. M., Oct. 2.—Odds of 2 to 1 now are demanded by Moberg supporters in the betting at The Bank—an unprecedented admission to the weakness of their position. Data according to veteran politicians. They say that never before in the history of betting on the sweepstakes, as far back as they can remember, have the backers of one candidate demanded such odds as the non-voters Moberg money, and they are somewhat agreed, even now. The demand for odds jumped after an Albuquerquerque. Moberg supporters there were asking for 2 to 1 and after he had secured all the 2 to 1 money in eight Moberg supporters there also called for 2 to 1. Even at 2 to 1 the Moberg money came. One set of \$500 to \$1,000 that Moberg would be elected was grabbed by a prominent Moberg man.

JOHN L. ZIMMERMAN
Democratic Candidate for Surveyor of Luna County.

John L. Zimmerman was born on a farm near Paducah, Ky. His father, a Confederate, lost his life in the Civil War. In 1898 the family moved to Little Rock, Ark., where John graduated from high school. He took the course of land surveying at St. John's College of Arts and Sciences. In 1902 he was elected surveyor of Santa Fe county and was city engineer of Santa Fe in 1904. He surveyed and platted Santa Fe county and the city of Santa Fe in 1904. John Zimmerman was injured for Surveyor General of New Mexico, but lost out in a bitter factional fight. As to qualifications Mr. Zimmerman has no equal. At present he is connected with the A. T. & A. F. R. at Deming. If you vote for John Zimmerman, your vote will not be thrown away.

J. L. LOFTIS,
Democratic Candidate for County Commissioner, District No. 2.

J. L. Loftis, his cattle road. The Courier doubts much if voters generally recognize by the card the man intended. But when you say JOHN Loftis it is different. John Loftis is known to all. He is a cattleman, a good roads man, a county man's "back" as he is called by his friends, in a fairly good property and for his office, and it may be said of him that he has not a known enemy—his just and equitable decisions and calm temperament and personality.
